Kodur, Andhra Pradesh

Professional Summary

Motivated and detail-oriented B.Tech student specializing in Artificial Intelligence and Data Science with strong skills in Python, web development, and database management. Passionate about developing innovative software solutions and eager to contribute technical and problem-solving abilities in a professional environment.

Education

Bachelor of Technology in Artificial Intelligence and Data Science

Annamacharya Institute of Science and Technology
CGPA: 8.76

2023 – 2027

Intermediate (MPC)

Narayana Junior College
Percentage: 97.5%

2021 – 2023

SSC

Dolphin Dale English Medium High School
CGPA: 10.0

2020 – 2021

Technical Skills

- **Languages:** Python, JavaScript, SQL
- **Frontend:** HTML5, CSS3, Bootstrap
- **Core Areas:** , Web Development, Database Management
- **Tools & Platforms:** Git, GitHub, VS Code, Jupyter Notebook, MySQL

Projects

Data Drift Reporter

Python, Flask, SQLite, Pandas, HTML, CSS

- Developed a Data Drift Reporter to identify changes in data distributions between baseline and current datasets.
- Automated drift detection and report generation using Python, Pandas, Flask, and SQLite.
- Created an interactive dashboard for dataset management, visualization, and monitoring of data quality.

Smart Food Donation Platform

HTML, CSS, JavaScript, Bootstrap

- Developed a responsive platform for food donation and redistribution.
- Implemented donor registration, food listing, and request management features.
- Added food expiry tracking and designed a user-friendly interface using JavaScript and Bootstrap.

Certifications

- CCBP 4.0 Academy – NxtWave

Achievements

- Actively volunteered in NGO initiatives focused on women welfare and community development.
- Demonstrated strong problem-solving skills through academic projects in web development and database management.
